1. The applicant has elected Group I, corresponding to claims 1-6, and 12-14 and one species SEQ ID NO: 323, with traverse. of a single Group and single disclosed species even though this requirement is traversed. Specifically, no species of claim 12 was elected in response to the restriction requirement in the office action mailed to the applicant on January 10, 2003. Claim 12 does not recite elected species SEQ ID NO: 323. Moreover, no species from claims 2 and 3 have been elected. Since the response appears to be *bona fide*, but through an apparent oversight or inadvertence failed to provide a complete response, applicant is required to complete the response within a TIME LIMIT of ONE MONTH from the date of this letter or within the time remaining in the response period of the last Office action, whichever is longer. Applicant may elect to either extend the period for response set in the last office action up to a maximum of SIX MONTHS or to extend from this ONE MONTH limit under 37 CFR 1.136 (a) or (b) up to SIX MONTHS from the mailing date of this letter.
